

### **Additional Standards for District Encroachment Permits**

Additional standards to evaluate District encroachment permits and to establish related permit conditions may be found in the following documents. The standards may be found at the Clerk of the Board of the Santa Clara Valley Water District; 5750 Almaden Expressway, San Jose, CA 95118-3686.

1. District's administration policies.
2. District's design guide.
3. Best Management Practices Handbook, ISO Document WW75109, for construction activities near streams.
4. United States Corps of Engineers guidelines for levee stability and safety.
